BACKGROUND AND INTRODUCTION

“Reatsisa Tsebo” is a Tswana term that can be loosely translated to ‘intensifying knowledge or expanding knowledge’. Reatisa Tsebo Empowerment Institute founded in 2014 as aims to improve leadership and management within society.

Reatisa Tsebo’s core business is to render services that enable Community Organisations, Schools, Faith-based Organisations, Community Members to plan, implement and manage their programmes to the benefit of the larger society.

The capacity of engagement ranges from working with organisations at a community level with minimum education to well established organisations. The expertise embedded in the organisation includes mobilising community groups and developing training programmes with the intention of building the capacity within society.

True to its name, Reatisa Tsebo is passionate about the expansion of knowledge, empowerment and development. Our aim is to enable our clients maintain a competitive advantage in the modern workplace through effective skills training and on-going mentorship. Our courses are designed to:

- o Afford our clients the professional advantage.
- o Maintain and improve our clients’ knowledge and understanding necessary to encourage accomplishment.
- o Empower our clients to maximise all available opportunities through professional competence.
